Mobile compressor units

Air Supplies

In a lot of work situations at field locations, compressed air is required. When these locations are not equipped with a stationary compressor unit, we are able to supply you mobile compressor units in various models.

All models have a max. sound level of 100 dB(a) and have a built in fuel tank from 37 liter up to 200 liter volume. If required we can provide you with mobile fuel tanks. Tanks with pump units with volume up to 2400 liter are available in our rental fleet.

Technical specifications mobile skid compressor

Compromised air supply	: 3,6 m3/min
Max. sound level	: 100 dB(A)
Engine type	: Deutz F3L 1011-30kw
Fuel tank volume	: 200 liter
Pipe coupling	: 2x
Dimensions (L xWxH)	: 3,00 x 1,50 x 2,00 meter
Weight	: 1200kg

Technical specifications mobile trailer compressor

Compromised air supply	: 2,1 / 3,6 m3/min
Max. sound level	: 100 dB(A)
Engine type	: Deutz F3L 1011-30kw
Fuel tank volume	: 37 liter
Pipe coupling	: 2x
Trailer coupling	: variable height
Dimensions (LxWxH)	: 3,00 x 1,30 x 1,30 meter
Weight	: 750kg
