

Bakker Oilfield Supply Coevorden B.V.

a Bakker Groep Coevorden company

☀ **Let Us Help You Lighten Up Your Project** ☀

As we're headed to the fall and winter season, precious daylight will be scarce.

We might have the perfect solution for you to keep your production going (24/7)

with our special Rental Equipment :

Mobile Lighting Tower

The Mobile Lighting Tower is an item commonly used for onshore field operations in the Oil and Gas Industry. But also suitable for Construction sites, Mining Industry Road Works and Civil Engineering Projects.

Our rental fleet consists out of a 9 meter (30ft) unit and a 15 meter (50ft) unit of which both have an added DROPSAFE safety feature.

For more information and technical specifications please click on the picture.

Mobile Power Supply

In addition to our Mobile Lighting Units we are able to provide you with an extra power supply to fully meet all the power demands for your whole site.

Our Mobile Power Supplies range from 40 kVA - 200 kVA power output with all varieties of connections and tank volumes. All power supplies have a super sound absorbing housing and are provided with fuel for one day.
